

# **Boston University**

## **Battle in Beantown**

### **Saturday, January 18, 2025**

The intent of Boston University home meets is to provide both an elite and accommodating NCAA experience while working within University guidelines and facility capacity. In 2023, 56% of NCAA Indoor Qualifying performances in the Mile, 3k, and 5k occurred at Boston University home meets, including all 16 men's qualifiers in the 5000m. While we aim to accommodate as many entries as possible within University guidelines, we will not be able to accept all entries in some events. **Field sizes for all events will be controlled to complete the meet within the proposed time schedule.** All entries are at the discretion of meet management.

2024 – 2025 Boston University Home Meets are all confirmed by World Athletics as World Rankings Competitions and can be found on the global calendar.
